Subject: Contract BC-200, Proposal for Additional A-2 Mounts

Reference: (a) Conference 1-2 November 1956, GK, RHP, TLB  
(b) Telecon 20 November 1956, TLB to GK

*Amendment no. 3  
to BC-200  
Items 11 to  
Schedule I*

Dear Sir:

We herewith submit our proposal as requested by you in reference (a) for two (2) A-2 Mounts complete which will be fitted with six (6) HR-731's to be transferred from existing A-1 Configurations. Each of the A-2 Mount Assemblies will be comprised of one (1) A-2 Triple Mount Assembly Model 7312, one (1) Programmer Model 7313, A-2, one (1) IMC Drive Model A-2, necessary hardware, i. e., clamps, connectors and vacuum hoses, and one (1) Sling A-2. This equipment includes all items necessary to provide two (2) A-2 Configurations complete, except for the six (6) HR-731 Cameras and the Shipping and Storage Containers which it is understood will be supplied by you.

We have reviewed the FAK spares presently available in the program supply system and we feel that no additional spares for these two (2) new units are required at this time. Delivery of the first unit will be 15 March 1957 and delivery of the second unit will be 22 March 1957.

This confirms our proposed price, in reference (b) telecon, of \$7,200 per unit for each A-2 Mount Assembly as described above.

In accordance with your verbal authority of reference (b) telecon for us to proceed, we have initiated manufacture of these units. It is understood that Schedule I of the subject contract will be amended to include these units as a new contract item.

We trust that this proposal meets with your approval.

Very truly yours,

HYCON MFG. COMPANY
